

### What is it?

- Community Service Project started by Llano High School senior, Katie Turner
- Once a month program at the Arbor House in Llano, Texas\*
- Activities range from arts and crafts to games
- 3-4 Volunteers each month
- Invitations are handed out the day before the program with details of the activity, time, and location (the date each month varies, but the location and time are always the same: in the dining area at 3:45 pm)

### Activity Examples

- September 2025: Origami Paper Folding
- October 2025: Painted Picture Frames
- November 2025: Fall Themed Bingo
- December 2025: About an hour of socializing and handed out stuffed Christmas socks with vaseline chapstick, Gold Bond Handcream, tissues, nail files
- January 2026: talk to the residents, get their best advice, the volunteers will write the advice on a whiteboard, take the residents' picture with it, and share the pictures on social media just as a fun and interesting way to start the new year
- February 2026: make handmade valentines cards and hand them out to residents (25 were made and delivered)

### Additional Information

- This program is easily adaptable to residents, volunteers, and supplies available.
- There is an activity account with funds available for project supplies. With the initial fundraising, I posted the monthly activities and the funds needed. If money gets low, I would recommend this method again, or contact people you know might be interested.
- If there are any further questions, please contact me.
- The extra supplies I have will be passed on to the group that picks up the project
