

To the Llano County Commissioners Court

The Road and Bridge Department would like to request the approval to use funds from the Department's unallocated fund to purchase a new equipment trailer. This trailer would replace a 1995 model trailer. We have out grown this smaller trailer being it will not haul our newer heavier equipment. The cost of the new trailer is \$15029.60. The smaller trailer could be transferred to Building and Maintenance if they need it, but should not be expected to haul much more than lawn mowers. Thanks for your consideration. Kody Wagner
